

COACHES CODE OF CONDUCT

Honesty and Integrity are essential elements of our Code of Conduct. Understanding that we are role models for our players, I will make every effort to reflect these values in all my endeavors with LVJLC.

I will familiarize ourselves with and abide by the [US Lacrosse Code of Conduct](#) which requires us to “Honor the Game” and demonstrate respect to players, coaches, officials, spectators, and fans. I will register as a coach with US Lacrosse.

I will familiarize myself with the LVJLC Vision Statement below:

“The primary purpose of LVJLC is to teach and grow the game of lacrosse in a fun, safe, and positive environment. We are dedicated to skill development and healthy competition. We strive to teach the values of sportsmanship, respect, teamwork, and fair play through the game of lacrosse.

I will make the Safety and Welfare of our players a top priority.

I will make every effort to incite a love for the game of lacrosse in all our players.

I will display a high level of Sportsmanship. I am expected to treat our players, officials, and opposing team with Respect and Dignity.

I will teach our players good sportsmanship and fair play.

I will study and understand the National Federation of State High School Associates (NFHS) Boys Lacrosse Rules for boys lacrosse and the [US Lacrosse Youth Rules and Best Practices Guidebook](#) for the age level I am coaching.

I will attempt to maximize the potential of every player on the team through Positive Coaching Techniques and Leadership, understanding that all boys develop differently at different degrees.

I will teach the Fundamentals of Lacrosse and emphasize that winning is the result of good Teamwork. Fundamentals are a necessary base and proper form for executing lacrosse skills.

I will encourage our players to work together and share the responsibilities of play.

I understand that I am a Role Model for our players and will make every effort to live up to their expectations.
